CELEBRATING 16 YEARS: REMEMBERING AND HONORING TWO FOUNDING LEADERS OF WELV

+

=

***Empowering women leaders ... 16 years strong...
Yes, WELV celebrates its 16th birthday this year!***

In tandem with this celebration, WELV honors a founding member, Donna Plasket, who is retiring from the faculty at the University of Virginia to join her husband, David Breneman, as he leaves the University to take the helm as president and chief executive officer of The Society of the Four Arts in Palm Beach, Florida. After more than 40 years in academia, David is set to begin a new phase of his career. From 1995 to 2007, he served as dean of the University's Curry School of Education. He went on to become the founding director of the public policy program at the Batten School of Leadership and Public Policy, a position he relinquished in 2009.

Donna Plasket served as co-chair of the first annual conference with fellow faculty member Deborah Verstegen. The conference reached out to women in educational leadership throughout Virginia. The successful event was held on November 13, 1998 at the Boar's Head Inn in Charlottesville. Emerging from the synergy of the conference, a group of women leaders, Deborah and Donna among them, established the Women Education Leaders in Virginia (WELV). The idea was to focus on and support the women in leadership, not just educational issues, as other state and national associations were providing for that need.

David Breneman, as Dean of Curry, embraced the idea of WELV. He offered support, enabled operating and conference funds to be incorporated into the Curry financial structure, and allowed for personnel support and a financial cushion if needed (e.g., when bills needed to be paid before conference revenue had been collected). In addition, he provided the necessary initial subsidy to sustain the early organization and the establishment of WELV. David also attended each conference and offered welcoming remarks at all events requested.

Donna continued to serve on the conference committee and later the board as the organization developed, and then twice served as WELV president. While Donna was conductor of the Virginia Women's Chorus, she brought the singers to perform at the conferences and continued to arrange for performances, even after she handed over the baton. Donna and David also often hosted WELV receptions in their Pavilion I home on the campus of The University of Virginia.

A MESSAGE FROM WELV'S PRESIDENT

Turning vision into reality – that is where the real work begins!
As women leaders in the realm of education, we must deepen our skills by networking and learning together in order to make “dreams become reality” for our children!

WELV offers women an opportunity to learn from each other and to grow. By attending the Annual Conference this spring or by joining us as an *Ambassador*, you can become part of one of the most energized groups of education leaders across the Commonwealth. It's an exciting time to be an educator and we need you!

Please take time to ask questions and become more knowledgeable about the opportunities associated with being a WELV member.

Your bright brain, your passion for learning and your deep commitment to public education are important to the transformation that is needed in our school systems. Thank you for considering joining us as we strengthen our influence on the future of the educational system in Virginia.

Gena Keller
WELV President

TWO FOUNDING LEADERS OF WELV

(continued from page 1)

When WELV's Executive Director, Elaine Fogliani, learned of Donna's retirement and move to Florida, she commented, "I am very excited for Donna and David as they embrace the next chapter in their lives. I just can't imagine not having Donna at our conference and at the board meetings. She continues to be such a valuable resource to our organization and a true friend of WELV."

In a recent interview with Donna, we asked what she as one of the visionaries of WELV saw as the major accomplishments of the organization as we celebrate 16 years.

She outlined what she regarded as WELV's principal accomplishments:

- ❖ Carved out a niche focused on women's leadership throughout education, i.e., pre-K through higher education and across professional levels from new teachers to retired superintendents
- ❖ Done a remarkable job as a small organization of sustaining itself and becoming financially viable
- ❖ Has become known for consistently high quality conferences with outstanding networking opportunities
- ❖ Has drawn high profile educational leaders to conferences as speakers and honorees
- ❖ Built and sustained an excellent board of exceptional women working hard and enthusiastically for the organization

WELV expresses sincere gratitude for the vision and support of both Donna and David.

We wish them the very best and hope to see them when they are back in Virginia.

WELV'S FIRST AMBASSADOR

(continued from page 3)

When asked why she wanted to become a WELV Ambassador, Taneshia responded, "I had been intrigued by the concept and overall mission of WELV since I heard about it a few years ago. The idea of bonding together as women to inspire, motivate, support, and uplift one another truly speaks to my core values as a leader. I've been anxiously awaiting a way to become more involved in WELV. This opportunity was presented and I jumped at the chance!"

Taneshia was instrumental in the formation of WELV's first affiliate group in Fredericksburg. Taneshia describes how the affiliate began:

"Everyone is always so busy that we rarely have time to really get to know one another and learn from one another. When I was an AP, I really wanted more interaction with the leaders in my division, but I was limited to the meetings that I was scheduled to attend (everyone can't be out of the building at the same time, so we would rotate). This approach only provides access to half of the women. For some reason, in my opinion it seemed like the men had bonded so well, but the ladies had not. The idea to formalize a group here in Fredericksburg came to me while I served on a retreat planning committee. The committee loved the idea and we took off from that point. We call ourselves, WILd (Women in Leadership) and we join together for professional development activities, book talks, community service/outreach, school based service, etc. We have a powerful group of 15 female leaders in Fredericksburg and I have learned so much!

As a side note I'll share that the men in our division liked the idea so much that they created their own group, MILD (Men in Leadership)."
